

## **BSYW SONG**

**'Twas on a Monday morning we all set off to see  
The children at the local school and lead their assembly.  
We tell them that God loves them and wants to be their friend,  
No matter what may happen His love will never end.**

**'Twas on a Tuesday morning, in pairs, with lots of props,  
We went to visit smaller groups with finely honed Workshops.  
Throughout the years their knowledge grows to help them understand,  
That everything that's good on earth is through the power of God's hand.**

**'Twas on a Wednesday afternoon that Helen went to lead  
The children on a journey through the book we love to read,  
From Genesis to Malachi they learn to do the signs,  
It helps them to remember His story through the times.**

**'Twas on a Thursday morning in a very special school,  
That Helen, Dave and Linda did something rather cool,  
With guitar and tambourine and songs of how God saves,  
It now goes down in history as singa-longa Dave!**

**'Twas on a Friday morning we're all still doing our stuff,  
Meeting lots of children and sharing our God's love,  
We feel it such a privilege to do this special task,  
In Psalm 78v4 it says that this is what God asks!**

**'Twas on a morning, afternoon, at home, behind the scene,  
The praying, preparation and bookings for the Team.  
For our guide and inspiration come from God above,  
For His heart is for His children to know about His Love!**
